Dear Neil

RE: Reference

I am writing to commend you and your team on your performance on a significant (500,000 USD) collection assignment for us in Mali. The entire process from initial scoping and investigation through to collection and execution was quick and required minimal management time from myself or my team. I would be delighted to recommend your services to other organizations and please feel free to use me as a reference for any potential customers.

With Best Regards

Duncan Preston
